

Bitterroot Valley Ammunition Co.

Stevensville, MT

LR-1

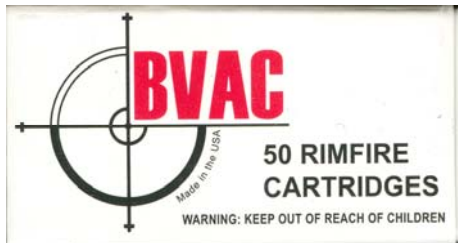

WARNING: Use BITTERROOT VALLEY 22 ammunition only in modern firearms in good condition, chambered by the manufacturer for 22 Long Rifle cartridges. This ammunition is designed to give maximum velocity within industry standard pressure limits in Caliber 22 Long Rifle sporting chambers. If in doubt about your firearm chamber, check with your firearm manufacturer.

All BITTERROOT VALLEY cartridges feature the highest quality smokeless powder and a non-corrosive primer which will not cause rust or corrosion. We guarantee to have exercised the most reasonable care in the manufacture of these cartridges but assume no further responsibility.

Wear proper hearing protection as repeated exposure to gunfire can damage the hearing. Wear shooting glasses to protect the eyes. See range caution on flap.
