S-3

C.D. LEET

Springfield, MA

This manufacturer produced cartridges from approximately 1863 to 1870. All of these cartridges have a plain h/s, but there is reason to think that a .22 may be located with a "L" h/s as show on top of the box.

- S-1 **.22-100 METALLIC CARTRIDGES.** A photo from the *HEADSTAMP GUIDE* is all that is available at this time so details of box are not known. No h/s on a copper case. Lead bullet.

- S-2 **.22 SHORT.** "100 No.22 METALLIC CARTRIDGES". Black label with gold printing on a green two-piece, half-split box. Contents unknown.

- S-3 **.22 SHORT.** "100 No.22 METALLIC CARTRIDGES". Black label with gold printing on a green two-piece, half-split box. Contents unknown.
