

The FEDERAL PRIMER CORPORATION

North Arlington, NJ

This manufacturer produced .22 shorts only during World War I. Due to other manufacturers of that period being involved in military contracts, the Federal Primer Corp. intended to supply a void at the market place. The war ended too soon. There was no relationship between this company and the present Federal Cartridge Co.

S-1 **.22 SHORT.** "LESMOK". Yellow label with black printing. Buff, two-piece, full cover box. No product code. Full wrap-around label.. "F-7" h/s on a copper case. Lead bullet.
