# NEW YORK METALLIC CARTRIDGE Co.

New York, NY

This early producer had their offices at the foot of West 52th street in New York City. They were incorporated in New York on March 17, 1865 with a capitalization of \$200,000. This company was set up by Fitch, Van Vechten & Co as a continuation of their older manufacturing operation. The extent of their sales and production are not known at this time. They closed this business during 1867
