Map and flag from Wikipedia.org

## INTRODUCTION

.The state of Israel, a republic located on the Mediterranean Sea in the near east west of Jordon. It has an area of 8019 sq. miles and a population of 8 million as of 2013. The capital is Jerusalem. The economy is based upon manufacturing and agriculture.

To our knowledge, Israel has never produced .22s, but has purchased .22s for military training needs from other countries. These boxes range from standard boxes of the manufacturer, to standard boxes with overlay labels, to special boxes with special markings. All boxes noted are dated after World War II

## THANKS

Special thanks to the following collectors for helping me with this project by supplying me with box images and sharing their knowledge. Presented in alphabetical order.

## MISC. Issues

- LR-5 **.22 LONG RIFLE.** Standard Remington of the U.S.A. green and blue box with a white overlay label with black printing. "U-3" h/s on a brass case. Lead bullet. Produced 5-31-74.
- LR-6 **.22 LONG RIFLE.** Standard Eley of England CLUB box with white label with black printing added to the top. The code and date is on a separate label and is printed in blue ink. Produced in 1973. "E-24" h/s on a brass case. Lead bullet.
- LR-6.5 **.22 LONG RIFLE.** Same as LR-6 except Winchester T-22 box with white label with black printing added on the back. Produced in 1985.
- LR-7 **.22 LONG RIFLE.** Standard Eley of England TENEX box with a white overlay label with black printing. "E-24" h/s on a brass case. Lead bullet. Produced in 1969.
- LR-8 **.22 LONG RIFLE.** Box of 100. Buff label with black printing. White, two-piece, full cover box. This box has a white label with black printing under the buff label. What is printed on this label is unknown. No h/s on a brass case. Red tipped lead bullet which means this may be a tracer loading. It is assumed that these were produced by Eley of England during 1969.
